

LEOPARD CATS

Leopard Catamarans continues its market leadership and global reputation for high quality, performance oriented and seaworthy yachts, boasting generous equipment options and layouts designed with liveability in mind. In addition to the sailing fleet, Leopard Catamarans also produces superior power catamarans which are contemporary and economical, with a focus on maximum family fun and enjoyment!

LEOPARD 45 SAIL

With naval architecture by Simonis & Voogd Yacht Design, and with exterior and interior design by the world-class design team at Robertson and Caine, the Leopard 45 sailing catamaran not only builds on the best features of the current Leopard range, but most notably offers new exterior styling and enhanced interior accommodation.

The Leopard 45 sailing catamaran delivers uncompromised, exceptional build quality throughout, new, sleek styling, sailing comfort across all sea states, and features innovative technologies and multiple entertainment areas.

LEOPARD POWER

There were no details left unattended in the creation of the Leopard 43PC and Leopard 51PC including the hull designs, modern interiors, and expansive flybridges

The stepped hull design adds interior volume above the waterline, allowing for roomier accommodations in the hulls without sacrificing the performance of the yachts. With narrower hulls and less wetted surface below the waterline, the Leopard 43 / 51 PC reaches an impressive maximum speed of 24kts and maintains exceptional fuel efficiency.
